

## Renovation Questionnaire Form

The following is a set of key questions you need to ask yourself before our initial meeting:

1. What are the room(s) you're looking to renovate?
2. What are your 'must have' items? The things that must be part of this renovation plan.
3. What are your 'would like to have' items? The things you would like to incorporate if your budget allows.
4. What is the budget range that you had in mind for this project?
5. What are the two most important things you are looking for in a renovation contractor?
6. What is your preferred start date/month? How long do you expect this project to take from start to finish?
